

Media Release  
Chantal Foster Exhibition Opening  
Wed 8<sup>th</sup> November 2017 @ 5pm

Fondation Suzanne Bastien Gallery situated on Pango Road will be opening an exhibition of pacific inspired paintings by Chantal Foster on Wednesday 8<sup>th</sup> of November at 5pm.

Born in the 1959 in the south of France and daughter of an artist father, Chantal's artworks reflect her travels and life experiences. Married and mum of 2 girls, professional life took her and her family to South America, Polynesia, New Caledonia where they lived for 15 years and in recent years, Vanuatu.

“Shy and solitary painting is my preferred art form. My preferred medium is mainly acrylic on canvas. I paint on favorites, often inspired by photos and try, as best I can, to share my emotions through the colors and in tribute to life. Our planet is beautiful, alive and I retain only the positive. I like to paint nature and its grandiose landscapes, the scenes of life characteristic of each country, and the atmosphere that emanates from it.”

“To paint is to give what is best in all humility”.

Opening evening will coincide with the Fondation's monthly fundraising event and will feature art, film, kakae, kava and drinks. Entry is free and everyone is welcome.

Further and more current info on opening night can be found on Facebook:
